### **REASONS FOR ALLOWANCE**

**Claims 17-20** are allowed.

1. The following is an examiner's statement of reasons for allowance: Prior art fails to teach or fairly suggest an apparatus for detecting the presence and concentration of a target substance in a solution. The apparatus comprising a light source for illumination, a container to receive a target solution containing a target substance, a membrane disposed within the container and a dye adsorbed on the membrane which produces photo-induced charge movements upon illumination and which produces a different amount of photo-induced charge movements upon illumination when in contact with the target substance. The dye is in contact with the target solution. The apparatus further comprising an electrometer in electrical communication with the membrane to detect the photo induced charge movements relative to the membrane and to generate a signal for analysis and means to analyze the signal to determine the presence and concentration of the target substance.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
